EDUCATION

August 2018 - August 2022

Bachelor of Science in Electrical Engineering (magna cum laude)

University of the Philippines Diliman, Philippines

On scholarship: Department of Science and Technology

- Undergraduate Thesis: Techno-economic analysis and renewable energy portfolio penetration of optimal hybrid renewable energy systems for off-grid island areas: a case study in Siquijor, Philippines

WORK EXPERIENCE

January 2025 – Present

Science Research Specialist

Research Center for Theoretical Physics, Jagna, Philippines

- Conducted data curation and analysis using the SkyNet Robotic Telescope network.
- Assisted in field deployment and instrumentation setup of the RadioJOVE radio telescope system.
- Performed analysis of astronomical datasets using Python programming and related data processing tools.
- Drafted and wrote research proposals for astronomy and astrophysics projects.

June 2024 – Present

Philippine Manager

Science Corps (Non-Profit Organization, Based in California, USA)

- Served as the primary point of contact for Young PhDs during their fellowship.
- Assisted pre-fellowship preparations, including logistics, and curriculum coordination
- Managed media documentation.
- Assisted administrative tasks, application processes, and program operations.
- Supported fundraising initiatives and partnership development to sustain the program.

May 2024 – Present

CVIF-DLP Ambassador

Central Visayan Institute Foundation, Jagna, Philippines

- Conducted orientations and presentations on the CVIF-Dynamic Learning Program (DLP) for visiting educators and partner institutions.
- Facilitated training sessions and classroom demonstrations to promote the effective implementation of the CVIF-DLP.
- Assisted in the preparation of learning materials and documentation supporting the expansion of the CVIF-DLP nationwide.

August 2023 – Present

Science Research Specialist

JAZC Marine Sciences Laboratory, Jagna, Philippines

- Performed DNA extraction and purification from marine mollusc tissue samples.
- Conducted DNA sequencing using the MinION platform of Oxford Nanopore Technologies.
- Analyzed genomic data using MinKnow, EPI2ME, MEGA, BioEdit, and Python-based tools.
- Drafted and wrote research proposals for marine science projects.

August 2022 – Present

Senior High School Faculty

Central Visayan Institute Foundation, Jagna, Philippines

- Teacher and course developer in General Physics, Practical Research, Research Project, and Capstone Project courses
- CVIF Robotics Club Adviser

July 2017 – May 2018

Student Researcher

JAZC Marine Sciences Laboratory, Jagna, Philippines

- Field surveys and sampling of molluscs

RESEARCH SKILLS

Technical Skills

- **Programming and Data Analysis:** Proficient in Python for data processing, visualization, and statistical analysis.
- **Astronomical Data Processing:** Experienced in data curation and analysis using SkyNet Robotic Telescope and RadioJOVE systems.
- **Bioinformatics and Molecular Techniques:** Skilled in DNA extraction, purification, and sequencing using Oxford Nanopore Technologies (MinION); familiar with tools such as MinKnow, EPI2ME, MEGA, and BioEdit.
- **Research and Documentation:** Experienced in drafting, writing, and managing research proposals in astronomy and marine science.

ADDITIONAL INFORMATION

Publications

Bernido, C. C., Halasan, L. C., Carpio-Bernido, M. V., Saguil, N. A., Sadudaquil, J. A., Salas, R. I., **Nayga, P.N.** ... & Jumawan, E. J. V. (2017, August). Initiatives, prospects, and challenges in tropical marine biosciences in Jagna Bay, Bohol island, Philippines. In *AIP Conference Proceedings* (Vol. 1871, No. 1, p. 060003). AIP Publishing LLC.

Presentations

Nayga, P. N., Pamor, M. M., Berro, G. M., Magalona, M., & Sadudaquil, J. Preliminary investigation on the effects of *Conus Ebraeus* venom solution from Can-upao Bay, Jagna, Bohol on ornamental guppies (*Poecilia reticulata*) (Poster presentation)-30th Annual Fr. Heinrich Schoenig Biosymposium at the Buttenbruch Hall of University of San Carlos, Cebu City.

Conferences, Seminars, and Workshops

- Workshop on Superfamily Conoidea Research Techniques. July 15-18, 2025. Momo Beach, Brgy. Bil-isan, Panglao, Bohol.
- Department of Education (DepEd) Content Evaluator and Quality Assurance for Quarter 1 of DLP Implementation.
- Department of Education (DepEd) Writer for Quarter 1 to 4 of DLP Implementation.
- Department of Education (DepEd) – Bureau of Learning Delivery (BLD) DLP-LAS Writing Workshop (Speaker). April 8 -11, 2025. Binondo, Manila.
- Department of Education (DepEd) – Bureau of Learning Delivery (BLD) DLP-LAS Writing Workshop (Speaker). March 26-28, 2025. Zoom Online Workshop.
- Department of Education (DepEd) – National Educators Academy of the Philippines (NEAP) DLP Training (Speaker) – AI for DLP LAS. March 25, 2025. Davao City.
- Arellano University, CVIF-DLP Workshop (Facilitator). May 23-24, 2024. Sampaloc, Manila.
- CVIF Robotics Workshop (Facilitator). July 12-14, 2023. Jagna, Bohol.
- CVIF Python Programming Workshop (Lecturer and Facilitator). July 3-7, 2023. Jagna, Bohol.
- 30th Annual Fr. Heinrich Schoenig Biosymposium. March 03, 2018 at the Buttenbruch Hall of University of San Carlos, Downtown Campus, Cebu City.
- Biodiversity and Chemical Biology of Marine and Terrestrial Life in the Philippine Region. October 16-20, 2016. Bellevue Hotel, Panglao Island, Bohol, Philippines.

Training

- DNA Barcoding Using MinION Device. JAZC Marine Sciences Laboratory, Jagna, Bohol
- Operations Training of the Oxford Nanopore MinION Mk1B Rapid Lambda DNA Control Sequencing
- Curatorial Work. Nova Shell Museum. Panglao, Bohol
- Google AI Essentials (Online Google Course Through Coursera)
- Google Advanced Data Analytics Professional Certificate. Courses covered:
 - Foundations of Data Science
 - Get Started with Python
 - Go Beyond the Numbers: Translate Data into Insights
 - The Power of Statistics
 - Regression Analysis: Simplify Complex Data Relationships
 - The Nuts and Bolts of Machine Learning
 - Google Advanced Data Analytics Capstone
- Google Data Analytics Professional Certificate. Courses covered:
 - Foundations: Data, Data, Everywhere.
 - Ask Questions to Make Data-Driven Decisions.
 - Prepare Data for Exploration.
 - Process Data from Dirty to Clean.
 - Analyze Data to Answer Questions.
 - Share Data Through the Art of Visualization

- Data Analysis with R Programming
- Google Data Analytics Capstone: Complete a Case Study
- Google Business Intelligence Professional Certificate. Courses covered:
 - Foundations of Business Intelligence
 - The Path to Insights: Data Models and Pipelines
 - Decisions, Decisions: Dashboards and Reports
- Great Learning courses completed:
 - Introduction to Machine Learning US
 - Introduction to Scikit Learn
 - Uses of Pandas
 - SciPy in Python
 - Python for Data Analysis
 - Data Science Foundations
- Crash Course on Python. May 26, 2023: Google through Coursera.
- Department of Information and Communications Technology through the Modern Academics Convergence Hub (MACH) courses completed:
 - Visualize Data with Python
 - Analyze Data with Python
 - Learn Basic Statistics with Python
 - Programming for Intermediate Users Using Python
 - Programming for Beginners Using Python
- Participation – 3 Day International Online Training. Math Olympians Training League Inc.

Honors and Awards

- Passer, Philippine Regulation Commission Electrical Engineering Licensure; April 2023
- President's List, University of the Philippines Diliman; 2019- 2022
- Dean's List, University of the Philippines Diliman; 2018
- Scholar, Department of Science and Technology Merit; 2018

Membership

- Member, Institute of Integrated Electrical Engineers of the Philippines Inc. November 2023 - present
- Registered Electrical Engineer, Philippine Regulation Commission; November 2023 - present
- Member, Kadugong Bol-anon, 2019-2020, 2021-2022
- Vice President for Academic Affairs, Kadugong Bol-anon, 2020-2021
- Member, Institute of Integrated Electrical Engineers, Student Chapter – UPD, 2018-2020
